BUILDING CAPACITY

WICOR is the "How"

WICOR is the "How" in your lesson planning. As you design your lesson plan, you factor into your lesson design "how" students will access the content, access the language and produce their own content. That is where WICOR comes into the play.

Here is an example of a WICOR Wall created by Mr. Aragon. If you would like some help from students working on service hours, please click the WICOR wall and complete the request form!

What is Evidence of Lesson Planning?
Students should be able to articulate..

- What are students learning?
- How will students learn it?
- How will students be assessed?
- Why are students learning it?

FAMILY, STAFF, STUDENT & COMMUNITY ENGAGEMENT

Connecting with Families: BTS

Back to School Night gave us an opportunity to connect with families in person after over two years. It was great to see families walk our campus and engage with our teachers and staff!

GROWTH MINDSET

IB Learner Profile: Open Minded

The following is a re-communication, originally sent by Ms. Englander on 9/23.

The Ballot is open for September Mules of the Month. Please give your students time to nominate peers who are Open Minded.

Each month we will recognize students and staff who are examples of our Learner Profile traits. This month we want to recognize a student from each grade level and a staff member who stand out for their open-mindedness.

Who is someone you know who is open minded?

- Appreciates diverse perspectives
- Appreciates diverse ways of doing things
- Welcomes new experiences
- Listens to others' ideas
- Welcomes feedback
- Approaches new challenges with an open mind
