V 1. ISSUE 8 - OCTOBER 10, 2022

**All students deserve a safe and welcoming school environment**

Yet, according to GLSEN's *National School Climate Survey*:

- 9 out of 10 LGBT youth are harassed at school because of their sexual orientation.
- Two-thirds of LGBT youth are harassed at school because of their gender expression.
- Nearly a third of LGBT youth miss at least one full day of school a month because they feel unsafe.

### PRINCIPAL'S MESSAGE

GREGORIO VERBERA

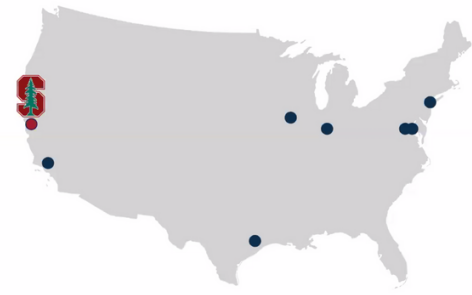

Dear Wilson HS Family,

**October 11th** is National Coming Out Day. This is a celebratory day for the LGBTQIA+ Community and an awareness day observed to support the queer community. Click this poster for a bank of classroom lessons and resources to further ensure that our school is a safe and affirming place for our LGBTQIA+ community. To that end, I look forward to announcing trainings and student events in the near future.

# ACADEMIC EXCELLENCE AND ATTENDANCE

Dual Enrollment: Rigor

**15** HIGH SCHOOLS  
across **7** CITIES

NATIONAL EDUCATION  
EQUITY LAB

Wilson HS is one of 15 high schools nationwide that has partnered with the National Education Equity Lab to offer dual enrollment classes to our students in some of the most prestigious universities in the world. This semester, 25 Juniors and Seniors take a Computer Science course, co-taught by our **Mr. Johnson** and Stanford's Dr. Patrick Young. This course will allow our students to earn college credits from Stanford University. Next semester, we will offer a Geography class from Georgetown University. These are one of a kind opportunities for our students to demonstrate they can complete with students nationwide and to better prepare for the rigors of college.

## Collaboration

### Collaboration is:

- Positive group interactions
- Teamwork with shared responsibility
- Sharing of ideas, information, and opinions

### Students who collaborate:

- Create a safe and supportive physical and philosophical environment
- Work through identified structures and roles to achieve a common goal
- Develop positive interdependence
- Clearly communicate verbally and nonverbally
- Listen effectively to decipher meaning
- Deepen the learning of others through inquiry and active engagement

### AVID supports collaboration through blended learning experiences including:

- Academic language and literacy scaffolds
- Socratic Seminars
- Philosophical Chairs
- Jigsaw, World Café, Reciprocal Teaching, and Numbered Heads
- Synchronous and asynchronous peer editing groups
- Tutorials, Collaborative Study Groups, and Scholar Groups

## BUILDING CAPACITY

Collaboration

### A simple maxim:

- if the lesson calls for students to read, there should be a process;
- to write, there should be a process;
- to speak, there should be a process.

This last one, **speaking**, falls under Collaboration in the WICOR framework.

Collaborative structures are key in for engaging in productive content-based dialogue, building academic discourse, enhancing student participation, and even fostering peer relationships. For more best practices, click the Collaboration Poster.

## GROWTH MINDSET

IB Learner Profile: Inquirer

Wilson's CARP student team exemplifies the IB Learner Profile of the Month: Inquirer. Currently the Community Action Research Project team is working on finalizing their needs assessments. After administering the needs assessment, the next steps are to analyze the data to identify a problem/s of focus and develop and enact their solutions.

Action research is one of the most authentic forms of research and certainly the most impactful. It also fits well with the IB philosophy and thinking globally and acting locally to make our world a better place. Thank you Mr. Duenas and Ms. Seamans for mentoring the CARP student Team!
